TRT WORLD

Percentage of deaths by gender due to the COVID-19 disease

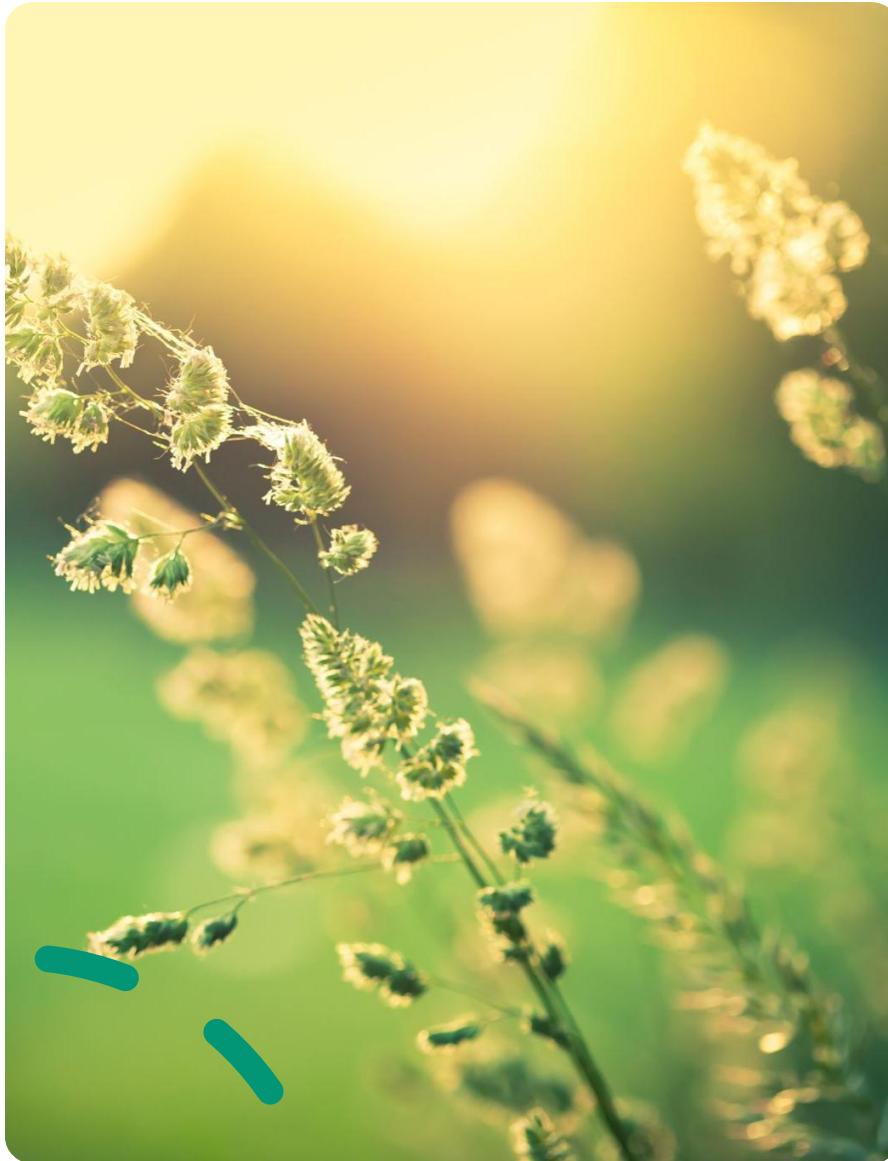

Lanjutan

Perempuan, masih signifikan dibicarakan?

ASUMSI DASAR: bahwa pandemik ini tidak netral secara gender (not gender neutral).

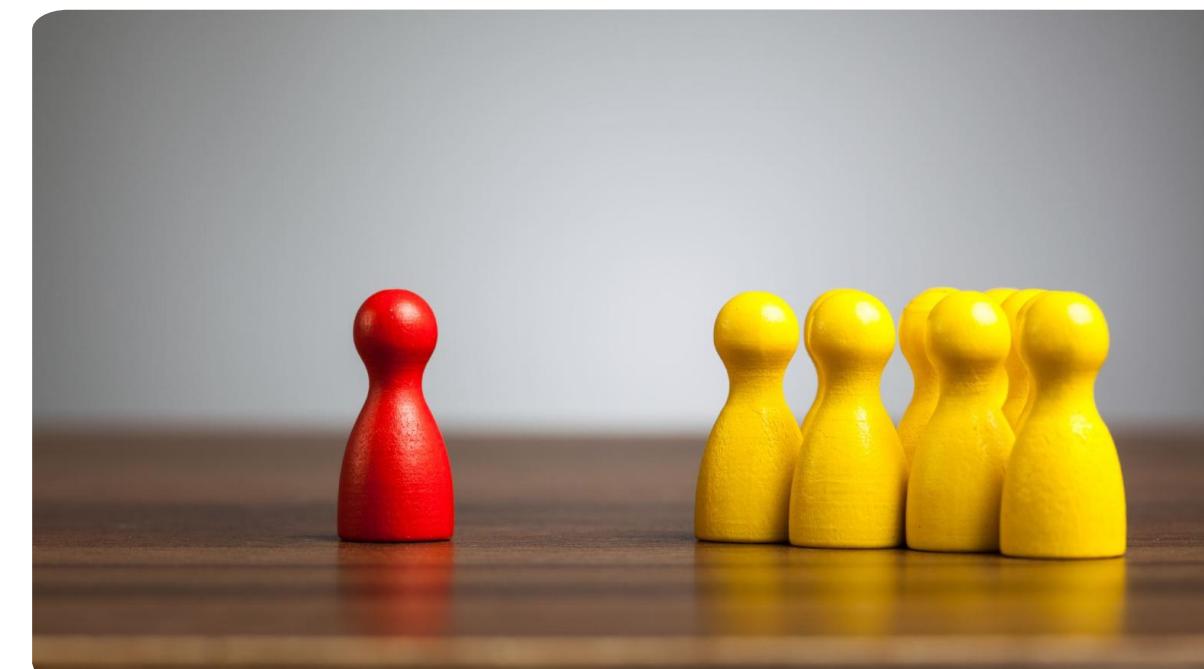

Argumen

- Adanya kebutuhan khusus. Hamil, melahirkan, menyusui dan layanan kontrasepsi.
- Kekerasan Berbasis Gender (KBG)-KDRT.
- Kehilangan pekerjaan.
- Beban pekerjaan berlebih
- Feminisasi di bidang kesehatan

Dampak Psikologis

- Keterpisahan eksistensial
 - Redefinisi aspek kesosialan manusia
 - Redefinisi identitas
- Beban pra-pandemik
 - Konstruksi budaya patriarki

A wide-angle photograph of a stunning mountain landscape. In the foreground, a deep turquoise lake reflects the surrounding environment. On the left, a steep mountain slope is covered in patches of white snow and dotted with tall, dark evergreen trees. The sky is overcast and hazy. The overall atmosphere is serene and majestic.

TERIMA KASIH
